Assembly

3. Attach short channel bars to corners of frame.

4. Attach long channel bars to front and back faces of frame. Push plastic tabs on end of channel bars into corresponding slots at corner of the frame.

5. Install internal shelf by aligning metal hook on shelf with locking bar on frame.

6. Install counter top by aligning pegs on top of frame with slots on bottom of counter top.

Fabric Installation

1. Start at the corners of the assembly. Work the FlexLock™ edge of the panel into the extrusion at each corner.
2. Press the FlexLock™ edge of the panel into the extrusion near the middle of each extrusion.
3. Work the panel into the extrusion from the corners inward and the middle outward.
4. To Dismantle, lay frame assembly on floor covered with clean drop cloth provided. To help reduce wrinkling, carefully fold fabric panel and pack into fabric panel storage bag.
